

MEET GIACOMETTI

thursday, 30th august to Sunday, 2nd september

The landscape of the Upper Engadine and the Bergell is home of many artists.

During this long weekend you will discover more closely the life and work of Alberto Giacometti and his father Giovanni Giacometti. You will be accompanied by Sabina Fritzsche, a painter and art communicator. She will also travel with you to the Bergell and to Soglio. In the Bergell you will be guided by Dr. Marco Giacometti to the places of the Giacometti family. Beside those themes there will be enough time to enjoy the beautiful landscape and the amenities of Park Hotel Margna or to make a trip to St. Moritz to the Art Masters exhibition.

Course language: german and english

*HIGHLIGHT: the Margna source-of-energy menu³⁻⁵

Now you are the cook with us and put your menu together.

You not only determine what you eat, but also how much. How? Quite simply.

The basis of our Margna source-of-energy menu³⁻⁵ is a 3-course selection menu, which is put together according to your preferences. In addition, you have the opportunity to enhance the menu with one or two further courses. You can determine this from day to day depending on your appetite and hunger and then simply pay a surcharge per additional course.
